## Norwich's Report to State Board

Making the City Attractive For Industries—W. F. Henney Elected State President.

At the meeting of the state board of trade at New London, Thursday the Sherman anti-trust law, in its effect upon business in this country was discussed. Travel S. Luther, president of Trinity college, savagely assailed the law and condemned it for its effect upon business interests.

The anti-trust law was the principal topic of discussion at the convention. The delegates joined in a general discussion of board of trade interests in Connecticut, and they also listened to a brief, able argument for New London's future greatness as a transatlantic port, delivered by Mayor W. F. Henney.

Present were about 35 delegates. Norwich sent down a delegation of about 12 members, New Haven, Hartford, Southington, Westport, Stamford and Willimantic were among the places represented.

**Routine Business Transacted.**  
The meeting was called to order at 11 o'clock by President John McGinley.

make New London a great transatlantic port," the mayor said in conclusion.  
As Odessa Sees Us.  
Following the mayor's address the following translation from the Odessa Lotik, the leading Odessa paper, was submitted by Lyman B. Pendleton and read to the meeting.  
"As we are informed by the American consulate, the public in the city of New London is much interested in the project of a direct steamship line between the ports of New London and Odessa. The former has got \$1,000,000 appropriated by the state for harbor improvement. The credit of introducing the idea of direct communication between the United States and Odessa belongs to the American chamber of commerce in Constantinople. The line between the two important centers like Odessa and the United States with a view to direct trade relations was felt long ago. An important question to be decided is from what port in the United States the line is to run. As we are told at the consulate, New London occupies a leading position in this respect for the following reasons: Harbor dues in New London will not be as high as in New York; it will take about seven hours less time for boats to get into New London than New York; the advantages of railroad communication from New London to the rest of the country are equally, and in some instances even greater, than from New York."

**Officers Are Elected.**  
The resignation of Willard C. Warren of New Haven as secretary was received and unanimously rejected. The following officers were then chosen, on the choice for president being ex-Mayor William F. Henney of Hartford.

Vice Presidents—Frederick Enos, Bridgeport; Wilson H. Lee, New Haven; Thomas Hamilton, New London; Frederick W. Cary, Norwich; T. H. MacKenzie, Southington; Homer S. Cummings, Stamford; Charles Perry, Westport; Walter B. Knight, Willimantic.

**Secretary-Treasurer**—Willard C. Warren, New Haven.  
At 2 o'clock luncheon was served at the Crocker house. The place of the next convention is to be decided by the executive council and will be left until next fall.

**Delegates.**  
Among the delegates were: Norwich, Joseph D. Haviland, Frank J. King, Grosvenor Ely, Edwin A. Tracy, Wm. B. Young, William F. Hill, F. C. Smith, Henry F. Cline, Henry W. Tibbitts, Willimantic, Henry T. Burr, Frank Larrabee, George F. Taylor, H. C. Lathrop, Westport, A. R. Stillman, G. M. G. Chester, Dr. John Champlin, Charles Perry.

## ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach, remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A ten-cent box from any drug store means a clear head and cheerfulness for months.

Children love to take Cascarets because they taste good—never gripe or sicken.
